Hi Justina

Great work on finishing your application.

Congratulations! We are pleased to inform you that you have been accepted into the **ALX 12-month Software Engineering Programme!**

This important email contains all the information you need to know about what this programme entails and what it takes to succeed.

First, we want to make sure you are clear and confident about what's waiting for you on the other side. Here are the details about the ALX 12-month Software Engineering Programme:

- **Core curriculum:** Foundations of computer science and software engineering for 9 months and specialisation in Front-end or Back-end development for the final 3 months

- **Length of the programme:** This is a 12-month commitment however you must prove your capabilities in the **first month** by getting a **cumulative score of 80%** in all your projects during that period in order to progress in the programme. If you don't meet this requirement, you will no longer be part of the programme after 1 month.

- **Weekly time commitment: 70 hours of work per week**. This is what's required to thrive in the programme and your future career as a software engineer.

- **Technical requirements:** You will need reliable and consistent access to a computer and strong data or internet connection.

- **Community:** You have a community of leaders by your side. You get access to peer-learning days, technical mentors, and community forums.

- **Certificate:** A certificate showing you completed the ALX Software Engineering Programme from ALX and Holberton.

- **Network:** Upon successful completion, you will join a network called The Room and get support in finding and landing meaningful job opportunities.

What's next?

Your 2-week onboarding programme will start on **Monday, August 15, 2022**, where you will delve deeper into the programme and complete a series of assignments.

You will receive a welcome email **the week before onboarding starts**, with more details about the ALX Software Engineering Programme and how to get set up on the various platforms you'll be using.

We hope this information serves as a good reference for what you can expect and how to ensure your success. If you have any questions, please feel free to reach out to our support team at se@alx.app.

Cheers and see you on the other side,

Dzidzor
